

Tidings of Joy

CHRISTMAS PARTY • SPONSOR SHEET

What it is

Before founding Gift and Gather, organizer Mir hosted an annual Christmas assistance party — and this year it is coming back! We choose 5-10 local families and purchase brand-new Christmas wishlist gifts for children and their caregivers, wrapped and ready for Christmas morning. Then we host a free community Christmas party where families “shop” donated toys, clothes, and books to take home, with Santa, crafts, food, and refreshments.

Here is what makes us different: most Christmas assistance programs gift only the children. Tidings of Joy gifts the whole family — kids and their caregivers — because the grown-ups deserve some Christmas magic too. This is for families who might otherwise fall through the cracks.

Local businesses make it all happen. Chip in at any level, and you’ll get thanked loud and proud — right where the whole community can see it.
